Steve

We would like some discovery to be ordered and would prefer not to delay this. The ask is going to be for the court to order documents to be produced on those topics, and additional discovery on Isartan and Ibrutinib will follow. If there are disputes about topics, I am happy to talk tomorrow, but we would prefer to leave this on the agenda and can always inform the court if we're able to agree on everything.

Thanks

Marken

Chris

We just received Marlene's email proposing some times to schedule this meet and confer this morning, and will be responding today after we get responses from the defense group on availability. What do Plaintiffs feel needs to be additional with the Court prior to the meet and confer?

Our CMC statement is due to the court today – I am asking if you have additional agenda items and what time we should submit letters. This is unrelated to the meet and confer.
